

Caring For Our Community

Keas, Cubs, Scouts, Adventurers, all mean one thing – discovering the outdoors and learning life long skills. Centenary celebrations continue this year for Scouting NZ.

Tramping, golf, mountaineering skills, photography, yachting, aviation training, leadership and confidence skills, camping, and skiing – great ways to get our kids outside.

To contact Scout groups in Horowhenua or Kapiti, or volunteer as a helper or leader (you are greatly needed) visit www.scouts.org.nz or phone 04 471 0720.

Tim also says its fun to take on new challenges.

*Dear Community,
Thanks heaps for your help with our fundraising.
Love Raumati Scouts.*

Mark, Liam, and Tim Farron have been brought up as cubs and scouts, as their Mum Amanda is a leader with Raumati Scouts. Mark likes learning new knots and go-carting; Liam likes making boats and sailing them at Kaitawa Reserve; and Tim says tramping is fun.

Get Me Outside!

Congratulations! Scouting as a worldwide movement turned 100 years old last August. This year is the centenary of the first camp held by Lord Robert Baden-Powell, the founder of Scouting.

Energy Saving Tips for Your Living Room

- Draw your curtains just before the sun goes down to keep in the heat
- Use heaters with a thermostat set at 20°C and position away from a window

- Keep doors closed to stop draughts and to keep heat in
- Use draught stoppers at the bottom of the doors and around windows
- Turn off all equipment at the socket if possible (stereo, video, computer, tv) when not in use
- Use energy efficient light bulbs
